

## TO PROTECT CATTLE OF NEW COUNTRY

Livestock Sanitary Commission Takes Action.

FRANK DALE APPOINTED

Will Put All Texas Infected Cattle Off Land.

Guthrie, O. T., Oct. 24.—The livestock sanitary commission will make a vigorous effort to protect the settlers in the new country from the ravages of the Texas fever tick. At the meeting in Lawton yesterday to look over the situation in Comanche county, it was learned that people had been paying little attention to the quarantine lines. The pastures this year in Texas and parts of the Indian territory is not good and for this reason the cattle are being brought over the line in order to get the pastures in the new country.

As a result of the meeting in Lawton, Inspector Frank Dale will have charge of the work in that county and will maintain the quarantine lines and put out all cattle not belonging there. Dale will be assisted in his work by the sheriff of Comanche county. No cattle will be admitted over the quarantine line after the 25th of October, and all cattle in the line are to be free from the Texas tick.

The country is badly infested with ticks at the present time and it will take a year at the least in the estimation of the sanitary board to clean the country up so that it will be safe for the settlers to bring cattle in there. Northern cattle taken in recently are now diseased and this will be the case if northern cattle are taken there from a year. If it should be ascertained that the inspector Dale needs help to maintain the quarantine lines, more men will be placed on the force for the sanitary commission is determined to regulate the quarantine matters in the new country.

Secretary French has been instructed by the commission to collect in the Texas papers the results of yesterday's meeting in order that the cattleman may have full warning. All cattle found to be infected inside of the quarantine line at the present time, by Inspector Dale, will be sent out of Comanche county.

**\$5.00 to Buffalo Pan-American and Return—\$6.00**

Via the Nickel Plate Road, Tuesday, Thursday and Saturday, with limit of 5 days from date of sale, good in coaches only; 15 day tickets at \$10.00 for the round trip, and 25 day tickets at \$16.00 for round trip, good in sleeping cars. Three through daily trains. For particulars and Pan-American folder of buildings and grounds, address John V. Cahalan, General Agent, 111 Adams St., Chicago.

**DYNAMITE CAUSED WOUNDS.**

Two Mangled Railroaders Are Brought Into Oklahoma City.

Oklahoma City, O. T., Oct. 24.—Last night John Lee and William Fubert, two railroaders, were brought into the city from Tecumseh, where they had been working on the grade of the extension of the Choctaw railroad out of that place. Both men had been blown up by the premature discharge of a sack of sticks of dynamite, says the Oklahoma.

The men were in the act of putting the dynamite down into a hole when the explosion occurred. The two men had one arm and one leg each, but were not badly hurt, but will possibly recover. He had a great hole blown in the frontal bone and one eye may be destroyed. His face was terribly lacerated by the flying pieces of stone. The other man, John Lee, was not so badly hurt. One of his hands was very badly hurt, however.

**TO CONSOLIDATE DISTRICTS.**

Auditor Baxter Would Help Men in Education.

Guthrie, O. T., Oct. 24.—Auditor L. W. Baxter, who recently retired from the position of auditor, is attending the idea of consolidating school districts in Oklahoma for the purpose of having better schools. He feels that in no other manner can the schools be kept up to the present standard.

In support of this matter Superintendent Baxter believes that the consolidation of all the school children of the several districts can be brought together in one school building. This would, in time, give the children the benefit of a graded school and would in fact make a graded school equal to the graded schools in the Indian territory. Teachers believe that in this manner the children of the Indian territory can be brought up to the standard of the Indian territory.

By taking the country school control-

Twenty-first Century Lighting Post

For Streets, Parks, Beaches, Residences, Lawns and Barnyards

One post will light a block at the nominal cost of three or four cents a block. Each post is an independent lighting machine in itself with from 100 to 500 candle power. So simple that a child can operate it. We have hundreds of testimonials from parties using our lights, same as the following from the K. C. & S. railroad:

"Your light has the embodiment of brilliancy, utility, economy and safety, unequalled by any other light—H. D. B. Light, Superintendent of Lights."

The M. & N. Oxygen Lighting Machine Co.

Box 44, Wyandotte St., Kansas City, Mo.

## RHEUMATISM

My RHEUMATISM CURE is just as certain to cure rheumatism as water is to quench thirst. No matter what part of the body the pain may be in or whether it is acute or chronic, MYNUN'S RHEUMATISM CURE will drive it out in a few hours, and fully cure in a few days.—MYNUN.

My RHEUMATISM CURE is just as certain to cure rheumatism as water is to quench thirst. No matter what part of the body the pain may be in or whether it is acute or chronic, MYNUN'S RHEUMATISM CURE will drive it out in a few hours, and fully cure in a few days.—MYNUN.

## ATTORNEYS AT LAWTON ARE BAFFLED

Would Work Up Scheme on Governor's Land Selection.

JENKINS IS BACKED

By Washington Authorities Whom He Consulted.

Guthrie, O. T., Oct. 24.—The attention of the school land department has been called to the fact that attorneys in Lawton, thinking that they have discovered a part of the indemnity school land selected by Governor Jenkins and territorial officials for the territory in the Kiowa, Comanche and Apache Indian country without authority, are purporting to sell the land for \$25 and \$50 to give this information upon which application is made to the land office for these lands named by the attorneys as a basis with which the territory's rights can be contested.

Secretary J. J. Houston was asked this morning about the matter and stated that there was nothing in the claim whatever. According to statements of Mr. Houston who was with Governor Jenkins at Washington, there is nothing by which the attorneys could make a contest. This proposition was fully discussed with the department at Washington. The question was raised then and attorneys in the department stated that it was a straight legal proposition. It was decided that the lands selected were only taken where it was found that the territory had lost lands by allotment or reservation and that no question could arise in the future that these lands were really lost to the territory.

It was in order to determine on just such points as these, for the immediate selection of the indemnity lands that caused Governor Jenkins to make a trip to Washington. The argument was made before the department that the territory in order that the territory should have nothing to which it was evident that the time and the money in which they were and if the territory's interest had not been fully discussed as well as carefully looked after, Oklahoma, without question would have lost over one hundred thousand acres of land which eventually go into the school and other funds.

Attorney General Strong was with Governor Jenkins and as a result of his trip is conversant to a degree with all of the facts in connection with the claim of the territory which was allowed. After discussion in the interior department, the result of the investigation was submitted to Secretary Hitchcock and met with his approval.

It is very evident that the territory's claim is on a sound basis and persons instituting contests along this line can expect very little consideration from the interior department and as a result of receiving such advice from new country attorneys will lose all money required by them for fees. The school land department will pay little attention to these contests and if the matter is taken up with the interior department there can only be one manner in which they will be settled.

**\$13.00 to Buffalo Pan-American and Return—\$13.00**

Via the Nickel Plate Road, Tuesday, Thursday and Saturday, with limit of 5 days from date of sale, good in coaches only; 15 day tickets at \$10.00 for the round trip, and 25 day tickets at \$16.00 for round trip, good in sleeping cars.
